

To Whom It May Concern:

Leslie Labrecque has been a supporter of NAGW over many years as a long-time member, conference speaker, board member and board president. I've also had the privilege of working with Leslie at the City of Boulder for nearly five years. During our frequent conversations about NAGW, and from observing the amount of work she has put into supporting NAGW over the years, it's obvious that she cares deeply about maintaining and growing the organization.

The best way for Leslie to carry on this commitment to NAGW is to continue to serve on the Board of Directors as a Director-at-Large. As a former board president it is my opinion that Leslie has done an outstanding job in her role as a Director-at-Large and as the Board President. She has worked tirelessly to execute on the board's strategic vision and has been instrumental in achieving long-term goals.

I believe Leslie will continue to be a great asset to the NAGW board and I would be proud to have her serve another term as Director-at-Large.

Sincerely,

Ron Pringle
