

To Whom it May Concern:

Paulette Neal-Allen has been a long-time member of NAGW. During her time as a member she helped plan and host the 2005 NAGW Conference in Denver, and has served as a conference volunteer on a number of occasions. During my time as board president, Paulette's feedback as an attendee and volunteer was always welcomed and helpful.

Additionally, Paulette has been a member of the Colorado Government Webmasters Group since its inception, attending and presenting at meetings and contributing to the listserv.

Paulette has shown a willingness to serve NAGW as a board member, running for Mountain region director in the past. I believe she would be a great asset to the NAGW board and I would be proud to have her as my Mountain region director.

Sincerely,

Ron Pringle
